

## FRIENDS OF UNION COUNTY LIBRARY SPONSOR FREE GENEALOGY WORKSHOP

Friends of Union County Library (FOUCL) are very pleased to invite you to a presentation on how to uncover your family roots on Wednesday, March 21, beginning at 2:00 PM in the Community Room of the Union County Library at 303 Hunt Martin Street, Blairsville. Our guest speaker, Jason Edwards, has researched local and family history for over 20 years. He served as President of Paulding County Historical Society and recently was appointed Deputy Historian of Towns County. His workshop will help you find tools for conducting a family history search, offer information about local resources, provide tips for on-line searches, and end with a tour of the Union County Library Heritage Room.

Light refreshments will be provided. Please join us.
