

May 6 Bake Sale Helps Support Union County Public Library

Library Staff: Betty, Mrs. Ann, Marissa, Susie, and Wendy
Not Pictured: Morgan and Taylor

FOUCL were pleased to present small tokens of appreciation to the library staff during April in recognition of National Library Workers Day. As quoted in their cards: "The most important asset of any library goes home at night – the library staff." Timothy Healy (1923-1992. Former President, New York Public Library).

FOUCL members will continue to honor library workers at Union County Public Library during the month of April and you are invited to join us in writing thank-you notes to them. There is a sign on the Friends Room door at the library. This door is directly to your left as you enter. We have provided Post-It notes and pens to use for messages that will be shared with the staff at the end of the month.

Friends of Union County Library (FOUCL) are delighted to be once again offer cookies, cakes, pies, breads, brownies, and other delicious treats to the public in the Community Room at Union County Public Library. This bake sale is scheduled for the Friday before Mother's Day, May 6, so you can purchase baked goods to add to your Mother's Day celebration. Please plan to stop by from 10:00 AM until 2:00 PM to make a purchase.

We are also asking for donations of bakery to sell and will be in the Community Room on Thursday, May 5, from 2:00 until 5:00 PM to receive what you have baked. This will be our first in-person fundraising bake sale since November of 2019 and we look forward to renewing this tradition.

The Children's Summer Reading Program is supplemented every year with funds we raise so please give generously. And, in case you didn't know, the entertainers have been selected with fun for all ages in mind. A listing of dates, performers, and other special summer events will soon be available to pick up at the library. Just like this year's theme says, there are "Oceans of Possibilities."
